- Create a solid voting plan (how/when/where)
- Know your voting rights and find out what to do if you're turned away at the polls
- Call the voter suppression hotline @ 866-OUR-VOTE (866-687-8683), <u>inform the New York</u> <u>State Attorney General</u> and <u>share Election Protection's page</u> to inform your family & friends
- Be an election protection volunteer
- Do not leave the poll site without casting a ballot: if a poll worker cannot locate your name in the poll book, you are entitled to a <u>provisional ballot</u>
- Use the **DFWMV** app to document your vote in case you need evidence after an election

#### **TIPS FOR TALKING TO FAMILY & FRIENDS**

Many people are rightfully skeptical of voting and the political process. It's not always easy talking to family and friends about the importance of voting. Here are some tips!

> "There is a reason why people are working so hard for you NOT to vote."

"No matter WHAT your concerns are, opting out of choosing who represents YOU and your interests is never a way to get closer to what you want. Everything you care about is impacted by your vote!"

> "Participation is your right and your responsibility. Millions of people have had and are currently having their vote suppressed. Your vote or participation in the process is a way to reclaim power from a system hoping that you make its job easier and exclude yourself."
